Simon Pellerin she/they

I'm a student at [Wentworth Institute of Technology](#) in Boston. I'm willing to try my hand at almost any programming field, but I'm most experienced in application and server-side development. I've created apps using [Swift](#) and [SwiftUI](#), as well as [Python](#) and [tkinter](#).

Portfolio

Some examples of past programming projects (see [my github](#) for more):

- mage (unreleased)
    - A [Trakt](#) client I've been working on in various forms for years.
    - [Swift](#), [SwiftUI](#), [Trakt](#)
- [obsidian-separated-recurrence](#)
    - My custom implementation of spaced repetition in obsidian.
    - [TypeScript](#), [JavaScript](#), [Obsidian](#)
- [obsidian-markdown-pitch-accent](#)
    - An obsidian plugin to render furigana in markdown.
    - [TypeScript](#), [JavaScript](#), [Obsidian](#)

Languages

[Swift](#) - 1 year (~20,000 lines)

[Python](#) - 6 years (~15,000 lines)

[Java](#) - 4 years (~10,000 lines)

[Rust](#) - <1 year (~1,000 lines)

Education

- Wentworth Institute of Technology
    - Currently earning a Bachelor's in Computer Science with GPA of ???.
    - Plan to graduate Fall 2024.
- Katy High School
    - Graduated in 2022 with a 4.3 GPA (top 8.2%).
